To My Divine Mercy Care and Tepeyac OB/GYN Family:

Our time is now! The birth of a new era is upon us.

As we witness the momentous overturning of the Roe v. Wade decision by the U.S. Supreme Court, words cannot express my gratitude for all you have done to lean into and sacrifice for the work of “medicine as mercy” we have practiced for nearly three decades.

You and your families and friends prayed for us. You told others about our mission. And you sacrificed with our medical practice in prayer and support — to the community, to our nation and to our God — to help make this day happen.

We must be grateful today with all our hearts.

The new age where abortion will become unwanted and children are welcomed is upon us. We, Divine Mercy Care and Tepeyac OB/GYN, are the answer.

Some promise a summer of rage in response to the Dobbs decision. And of course, we know that just before a new birth, the pangs of labor intensify. But He “will make all things new.” Our mission will prevail!

We pledge to continue to serve our patients.

We pledge to continue to inspire the next generation of medical professionals through example and word.

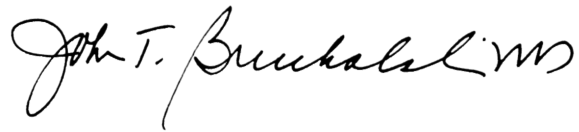

We pledge to encourage, through counsel, the women who suffer abortion trauma.

We pledge to continue to forgive and welcome all even those who appear to be hostile to the truth.

We pledge to stand with you.....for life.

I am so grateful. You are so loved. Together we came to this day and played our little parts. What is better than a determined Mother to get through and lean into her labor pains. We will lean into this so-called summer of rage. We will tell the truth of the dignity of human person. We will convert those in our society who see abortion as good healthcare. There is a best medicine and it is Divine Mercy Care.

From under His Divine Mercy and Her maternal mantle from the Cross,

A handwritten signature in black ink that reads "John T. Bruchalski MD". The signature is fluid and cursive, with the "MD" at the end being more distinct.

Dr. John Bruchalski
